

Application No. 09/874,126

**IN THE ABSTRACT:**

Please enter the attached substitute Abstract of the Disclosure for that originally filed with this application.

**ABSTRACT OF THE DISCLOSURE**

A data active on-demand-transmission system for transferring a data catalogue of a service provider to a personal digital assistant to be browsed by a customer. After browsing by the customer, then the customer transfers selection items to the service provider and then the service provider provides required service to the customers.
